

General English

اهداف آموزشی:

Objectives of the course:

In this course, the students will practice all the four skills in English. Here, the emphasis is on the English needed for expressing their ideas effectively in an international academic context. The main objective of the course is to activate the working knowledge of students through participation in various tasks such as discussions, debates, listening to lectures and presentations. Students will be guided to think critically, by organizing and presenting their ideas in a logical and academic way.

نمره بندی:

Evaluation: Class Participation 60% [Presentations 30%+ Participation in group/pair works 30%]

Final 40% [Final Oral Exam 20% + Final Written 20%]
